FLATTED GEAR WIRES

Product Group #17-00

Pitch	Flattening Price Per Set
2 thru 48	54.00

Price is for flattening each of two wires to 80% of wire diameter.
 For depth of flat exceeding 20% diameter, a quotation is required.
 For special gear wires, use price for flattening which is closest to standard diameters.

PRESERVATIVE & LUBRICANT

Be sure to protect your gages from heat and moisture. After use, each gage should be wiped clean of fingerprints and contaminants, and then oiled with a rust inhibitor. We recommend Tri Flow lubricant for gage maintenance.

6 oz. Aerosol Can \$8.59 each
